

Hello everyone.

Time flies when you're having fun.

It is time to say good-bye.

It was 4 days ago that our brass band played "Treasure Island" at the welcome ceremony.

The Aboriginal arts I received from principal of Bentley are lined up on my desk with tower of the sun expo figurine.

The Soran dance which you experienced at elementary school, you also danced at the Yamada High School sport class.

And I will not forget the taste of the sweets of the Japanese tea ceremony club I ate with Bentley students.

Speaking of taste, I prefer Tim Tam rather than Vegemite.

Well, to students of Bentley and Yamada,

Did you have a lot of good experiences ?

Did you develop an unforgettable friendships?

There were lots of emotional and heartfelt hugs at farewell party.

I hope that Bentley Secondary College and Yamada High School will continue to learn about each other's culture, and to develop friendships.

Thank you very much to all the host families

who made these seven days very special to all of us.

Finally, principal Ms. Helene Hiotis, Mr. Scott Godinagh,

Mr. Jurian Sadleir, Ms. Carrie Bloomfield , thank you very very much.

Yamada High School was able to have a wonderful opportunity.

Now, dear students and teachers from Bentley,

I say goodbye.

But I will add this, "I will see you again".

Thank you.
