

Hello everyone.

Dear Students and teachers from Bentley Secondary College,

Welcome to Yamada High School. All of us welcome you.

Yamada students and Bentley students have visited as sister schools every other year to learn about each other's culture since 2014.

There are some students here today who visited your school last year.

They had wonderful experiences.

I really appreciate all of Bentley for welcoming them.

So please enjoy your stay and have lots of good experiences at our school.

To Yamada students,

Let's talk to Bentley students and learn about Australia's school life, daily life, nature, animals, and sports, which are different from or the same as in Japan.

Please develop friendships you will not forget.

Now I will say this, “ Let’s enjoy this time together ! ”

Thank you very much.
